## GOVERNMENT COMMISSIONS

### BBC SESSIONS 1996-2003

ADVANCE CD • OLE-646 CD / DBL LP • IN STORES FEB. 22, 2005

Over a 6-plus year stretch, Mogwai's sessions for the BBC's John Peel and Steve Lamacq programmes have offered alternative, specially-created studio recordings of compositions that have gone onto become some of the band's most cherished works. Government Commissions, a virtual Mogwai greatest-hits-without-actually-being-one is a fascinating overview of the band's development. As Americans, we can only pray for the day when public funds will be used to record such a collection.
